## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 20 and 21, drawn to a method for treating objects with a treatment agent.

Group II, claim(s) 23-31, drawn to an arrangement for treating objects with a treatment agent.

Group III, claim(s) 32, 33 and 42, drawn to a household device for treating objects with a treatment agent.

Group IV, claim(s) 34 and 35, drawn to a packaging for a treatment agent.

Group V, claim(s) 36-38, drawn to a dosing device.

Group VI, claim(s) 39-41, drawn to a household device.

2. The inventions listed as Groups I-VI do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the technical feature shared by the Groups is a first part of a system to identify data of a second part of a system, the data of the second part of the system comprising information on a dosing device for a treating agent. This technical feature does not make a contribution over the prior art. See, for example, WO 0032864 to Mourad.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the

Art Unit: 1792

requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
